TRADES TRAINING FUND

\$1,000,000

LNG Canada has established a private fund to support BC construction employers in their efforts to upskill and train their construction tradespeople.

Here's what you need to know:

- Apprenticeship training is the priority
- All construction trades are eligible
- All construction employers are eligible to apply on behalf of their employees
 - Priority is given to employers with 1-50 employees
- Employers may apply on behalf of multiple employees
- All areas of the province are eligible
- There are no out-of-pocket expenses for employers or employees
 - When an application is accepted, the funding is paid directly to the training provider in advance of the course start date
- This is a private fund so turnaround is quick
- Unlike publicly-funded programs, there are no eligibility restrictions in regard to education level or demographics.

This fund is administered by the BC Construction Association.

What are you waiting for? Apply Today!
