ARTICLE 1.00 – PURPOSE

1.01 The purpose of this Agreement is to govern wages and working conditions within the province of Ontario to promote orderly harmonious relationships between the Employer and its employees. The Union agrees to cooperate with and assist the Employer in every legitimate way to conduct a successful business, bearing in mind that both Parties must give service to the public.

The Boilermaker Industry is committed to the prevention and elimination of occupational injuries and illnesses and supports the pursuit of a safety culture achieved by all workplace stakeholders understanding their health and safety responsibilities and through the continuous improvement of occupational health and safety. All workplace stakeholders recognize that the health and safety of Boilermakers is of paramount importance and the compliance with all employment and safety related statutes is mandatory.

The Parties agree that the Memorandum of Agreement dated June 2, 2022 for Ontario forms part of this Agreement.

For work in Nunavut, Northwest Territories, Yukon, and the District of Mackenzie, please contact the International Office of the International Brotherhood of Boilermakers and the Boilermaker Contractors' Association Office.

ARTICLE 2.00 – RECOGNITION AND CRAFT JURISDICTION

2.01 The Employer recognizes the Union as the sole collective bargaining agency for hourly rated employees employed on field construction, erection, rigging, field fabrication, unloading and work involving assembling, dismantling and demolition performed by the Employer within the jurisdiction of the Union.

2.02 The Employer recognizes the jurisdictional claims of the Union as provided for in the Charter Grant issued by the American Federation of Labour to the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, it being understood that the claims are subject to trade agreements and final decisions of the A.F.L.-C.I.O. as well as the decisions rendered by the Impartial Jurisdictional Disputes Board.

For the purpose of clarification, the jurisdictional claims of the Union are contained in Letter No. 1 attached hereto.

2.03 "Employees" as used herein, means employees of the Employer engaged in such work in the Province of Ontario.

2.04 This Agreement does not apply to work which is performed by the Employer in the Employer's facilities.

2.05 This Agreement shall not apply to timekeepers, engineers, field office and clerical workers, or to employees above the rank of General Foreperson.

2.06 When a tool crib is established by an Employer on a job on which their work is predominantly Boilermaker jurisdiction, and an attendant is required, they shall be a member of the Union. The necessity of a tool crib and/or an attendant will be determined by the Employer.

2.07 The Union and Employer agree that Union members above the rank of General Foreperson may continue to participate in Boilermaker Benefits by the Employer contributing to all Funds on behalf of the Employee, as set out in the relevant provincial (regional) Wage and Benefit Schedule, subject to the specific Employer and Employee entering into a Participation Agreement with the Trustees of the Boilermakers' National Health Plan(Canada)/Boilermakers' National Pension Plan(Canada), on terms and conditions established by the Trustees of the said Funds.

This Article does not extend the bargaining rights of the Union to any Employee(s) accepted to continue to participate in the Benefits provided hereunder, and no other provision of this Collective Agreement shall apply to such Employee(s).

ARTICLE 3.00 – MANAGEMENT RIGHTS

3.01 It is the Employer's right to operate and manage its business in all respects in accordance with its responsibilities and commitments. The location of jobs, the choice of equipment, the schedule of installation, the methods and means of installation, are solely and exclusively the responsibility of the Employer.

3.02

- a) The Employer has the right to make and alter, from time to time, rules and regulations to be observed by the employees, provided that they are not inconsistent with this Agreement and are in compliance with all employment and safety related statutes related to Provincial and/or Federal Legislation.
- b) The Parties agree to cooperate to facilitate broad and liberal leaves for operations and training military leave for workers who serve as members of the Canadian Forces Reserves, in accordance with Provincial and Federal law and the “Declaration of Support for the Reserve Forces” signed by the Canadian Office of the Building and Construction Trades Department and the National Construction Labour Relations Alliance, dated May 12, 2010.

3.03 It is an exclusive function of the Employer to hire, promote, demote, transfer (i.e. Article 4.04), suspend, lay off, discipline or discharge for just cause, employees in the bargaining unit, subject to the provisions of this Agreement.

3.04 Nothing in this Article shall be interpreted to prejudice other unspecified traditional rights of Management.

3.05 The selection and appointment of General Foreperson, Foreperson, and Assistant Foreperson is solely the responsibility of the Employer in keeping with this Agreement. The designation and determination of the number of General Foreperson, Foreperson and Assistant Foreperson is the sole responsibility of the Employer.

3.06 Boilermaker General Foreperson shall be utilized by an Employer whenever they have established this level of supervision on their work on a project and when the number of employees reaches the level established; or when this level is appropriate to the size and nature of the job as determined by the Employer.

The Employer shall discuss in advance of the job commencing, the availability of qualified Boilermaker General Foreperson with the Business Manager/Secretary-Treasurer or their designated Business Representative and consideration will be given to members of the Local Lodge, however, the final selection of a Boilermaker General Foreperson from any Local Lodge, and the determination and acceptance of their qualifications, shall be the sole prerogative of the Employer.

3.07 Management Rights:

- a) In addition to Article 3.05, the Employer shall have the right to name hire 50% of the crew unless otherwise is mutually agreed to between the Employer and the Union. In no case shall there be in excess of 50% name hires on a crew at any given time unless mutually agreed to between the Employer and the Union.
- b) In cases where local residents are afforded priority of employment, through Employer requested name hire, such employment shall be considered a name hire.
- c) The Employer and Union agree that there will be a uniform application of the name hire and transfer provisions in all Local Lodges. Transferred employees who were initially name hired shall retain such status upon transfer.
- d) All name hire requests shall be made in writing (including FAX and/or electronically), to the Union.
- e) On crews of six (6) members or less (including the Foreperson) the Foreperson shall be allowed to work with the tools. The Union recognizes that there may be situations where a General Foreperson, Foreperson, or Assistant Foreperson is required to work with the tools to provide instructions on work procedures or where safety is a compelling factor.
- f) As the labour provider for Contractors working under the BCA Collective Agreement the Union will dispatch Boilermakers with a valid Certificate of Qualification and/or Red Seal, Boilermakers grandfathered with no Certificate of Qualification, and certified Boilermaker Welders that are qualified to perform the work. Permit workers may be dispatched under the following conditions:

ARTICLE 4.00 – UNION SECURITY AND DUES COLLECTION

4.01 The Employer agrees to employ as employees, members of the Union in the performance of all work within the scope of this Agreement and to continue in its employ, only employees who are members in good standing with the Union. Except as otherwise provided, all such employees shall be hired through the Union offices. The Employer shall advise the appropriate Union office, in advance of the start of a job, except in cases of emergency work where the Employer is unable to contact the Union office in which case they may commence work and notify the Union office as soon as possible. Emergency work is to mean “any customer defined work that requires immediate dispatch.”

4.02 The Union agrees to furnish competent available workers to the Employer on request, provided however, that the Employer shall have the right to determine the competency and qualifications of its employees and to discharge any employee for any just and sufficient cause. The Employer shall not discriminate against any employee by reason of their membership in the Union or their participation in its lawful activities. The Company will provide written response to the Local Union upon refusal to hire.

The Parties recognize that we are in a highly competitive industry and to maintain and enhance our market share, Boilermakers and Supervisory Personnel must continuously train and upgrade to perform the diversified tasks required of them. The Parties will make every effort to provide the necessary training and education programs and will encourage full participation.

4.03 The Parties are committed to eliminating unnecessary, duplicative safety training. Therefore, workers are expected to disclose to the Employer any current safety training certificates that may be required for that job, as identified by the employer at the point of dispatch. The Employer shall supply a single point of contact for the purpose of supplying this information by way of email, fax, or phone. Similarly, Employers will be responsible to forward to the Union Hall, copies of safety certificates for all safety training that is done on jobsites by the Employer.

Following the acceptance of a dispatch slip, workers shall promptly remit to the Employer, copies of any applicable safety certificates by fax, email, or personal presentation at an address of the Employer or any other method that will achieve this objective.

- a) within two (2) working days in cities in which the Local Lodge maintains its Head Office, from that area;

- b) within three (3) working days in other areas; after the date for which the workers are requested, the Employer shall have the right to procure and retain until layoff the required number of workers from other available sources, provided that the Employer shall notify the Union office when exercising this right.

Such workers obtained from other available sources shall be required by the Employer to apply to join the Union not later than fifteen (15) days after hiring. The Union shall admit such applicants to membership providing they are qualified, and except for just and sufficient cause.

4.05 In Lodge areas having multiple work areas by virtue of Out-of-Work Lists, before transferring employees to a job in another work area, the Employer must first notify and discuss the job requirements with the Business Manager/Secretary-Treasurer or the Assistant Business Manager under whose jurisdiction that job lies.

4.06 Upon receipt of authorization from the employee, the Employer shall deduct from all employees coming within the scope of this Agreement:

- a) From the first pay period of each month, monthly Union Dues in the amount prescribed by the Local Lodge under whose jurisdiction the Employer is performing work.
- b) From each pay period, Union Dues in the percentage of gross hourly wages or other amount as may be designated by the Local Lodge under whose jurisdiction the Employer is performing work.

The above deductions must be mailed no later than the 15th of the following month, to the Business Manager/Secretary-Treasurer of the Local Lodge under whose jurisdiction the Employer is performing work.

Each remittance shall be accompanied by a list showing the names and Social Insurance Number (provided the number is supplied by the Union on its referral form) of the employees on whose behalf the deduction was made; and showing opposite each name the amount of the deduction, and, for the field dues in (b), the figure on which the deduction was based.

Any change in wage schedules or contributions (excluding dues) shall be provided to the BCA in writing from the applicable Local and/or the Administrator of IBB Benefits sixty (60) days in advance of the proposed change.

For greater certainty, there will be a maximum of two (2) wage schedule or contributions changes during a calendar year.

4.07 The Union will hold the Employer harmless from all liabilities and claims by employees, Union or its agents other than prompt collection and transmittal of authorized deductions.

4.08 Should it be necessary to reduce the working forces on the job, the Employer shall layoff or terminate their employees in the following sequence:

- a) the non-members;
- b) the travel card members from other Local Lodges;
- c) the members of the Local Lodge in whose jurisdiction the work is being performed.
except that:
 - (i) the existing ratio of Apprentices shall not be reduced until the work force reaches five (5) employees;
 - (ii) consideration must also be given to retain sufficient employees with qualifications to suit the nature of the work remaining.

4.09 The Employer will notify the Job Steward and the Local Union Office of any transfers, suspensions, layoffs, quits, disciplinary notices or terminations in a timely manner via fax or electronic means.

ARTICLE 5.00 – NO STRIKES OR LOCKOUTS

5.01 The Union agrees that there will be no strike or other collective action which will stop or interfere with production, and that if any such collective action should be taken, it will instruct those of its members who participate in such collective action to carry out the provisions of this Agreement and return to work and perform their work in a manner acceptable to the Employer.

5.02 The Employer agrees that it will not cause or direct any lock-out of employees.

ARTICLE 6.00 – JURISDICTIONAL DISPUTES

6.01

- a) It is incumbent on all Contractors and Subcontractors to assign work in accordance with Contractors' responsibility set forth in procedural rules and regulations for the Plan for Settlement of Jurisdictional Disputes in the construction industry covering the United States and Canada as amended through December 2002.
- b) The Union shall utilize the procedural rules and regulations for the Plan for the settlement of Jurisdictional Disputes in the construction industry to the extent that it is sanctioned by the International Union.
- c) Subject to the above provisions and those set forth in 6.03, it is understood and agreed that jurisdictional disputes shall not be the subject of a grievance under this agreement, but shall be dealt with as provided herein.

6.02 When a jurisdictional dispute exists between unions and upon request by the Union, the Employer shall furnish the International Offices of the Union, a signed letter on Employer stationery, stating that Boilermakers were employed on specific types of work on a given project.

6.03

- a) When an Employer makes a work assignment that is challenged by the Union and referred to the Canadian Plan and the Arbitrator rules in favour of the Union, the ruling shall be implemented immediately.

- b) Should the same Employer assign the identical work, contrary to the Arbitrator's original ruling and the work assignment is once again challenged by the Union and referred to the Canadian Plan and the Arbitrator again finds in favour of the Union, the Employer will be subject to the Arbitration procedure in Article 13.02.

The Arbitrator shall be empowered to award damages where the Employer fails to establish a course of proper due diligence in following Article 6.01 (a) and (b).

ARTICLE 7.00 – WORKING CONDITIONS, SAFETY MEASURES, HEALTH AND SANITATION

7.01 All work shall be performed, and equipment operated, according to accepted safety conditions which must conform to the applicable Provincial or Federal Regulations, Acts and Laws, and to Employer Regulations. Fresh, safe, cool drinking water and sanitary cups shall be furnished to the employees.

7.02 Where job and climatic conditions warrant, the Employer shall provide clean and adequately heated lunch and change rooms with benches and tables. Where practical, a separate change area will be provided. The Contractor will advise the Union when conditions do not permit a separate change area. Areas required for eating and changing shall be adequate in size and shall be kept free of tools and equipment. The Employer shall indemnify the employee(s) for loss or damage of personal effects damaged or destroyed by fire at the jobsite in an amount not to exceed \$400.00.

7.03 The Employer shall supply at no cost to the employee when required by the work they are to perform: safety hats, new sweat bands, new liners, appropriate welding gloves, appropriate working gloves, welding helmets, welding and burning goggles, appropriate welding leathers (i.e. jackets, capes and/or sleeves), non-prescription safety glasses, and leather faced gloves (unless special processes dictate otherwise).

The Employer shall provide appropriate wet weather gear (rain suit, rubber boots or overshoes), when working conditions require their use. Such items shall remain the property of the Employer and shall be returned upon completion of the job.

Welders' capes shall be kept available for temporary issue to welders engaged on such work requiring additional protection, such as but not limited to arc-air gouging and overhead welding.

On dirty and/or corrosive work, in which the employees' clothes may be permanently damaged, the Employer shall supply and maintain the necessary protective clothing (including gloves and coveralls where appropriate, particularly on, but not limited to, all corrosive work) at no cost to the employee for all employees covered by this Agreement. On such work, employees shall be allowed 15 minutes for wash-up time prior to the conclusion of their shift.

No charge shall be made against the employee for above items which are returned in reasonable condition or which are lost or damaged beyond the employees' control and are reported immediately.

Such work shall also include new construction carried out in existing facilities such that the above conditions are encountered.

Employees shall report for work equipped with safety boots and, if applicable, prescription safety glasses and full-face prescription respirator spectacle kits, which will meet the following standards:

- a) Safety boots shall be CSA approved, Grade 1 (green triangle), in good condition, and at least 6 inches high from the sole of the boot.
- b) Prescription safety glasses shall be foam sealed frames compliant with CAN/CSA Z94.3 or ANSI Z87.1.
- c) Prescription full face spectacle kit approved for use by 3M for 6000 Series Respirators for which the worker has been fit tested.

7.04 The Employer shall provide adequate sanitary facilities on the job for the welfare of its employees and protection of public health, and these facilities must be heated when necessary, and provided with toilet tissue and kept clean with adequate facilities for wash-up (hot and cold running water).

Flush toilets will be provided, however, it is recognized by the Parties that there may be situations where it is impossible and/or impractical due to the location of the job. In such cases, the Employer shall discuss the problem of toilets with the Local Business Manager/Secretary-Treasurer, prior to starting the job.

7.05 The Employer will provide plug-ins when such has been found to be practicable on the project; otherwise they will assist employees in starting their vehicles if required due to cold weather.

7.06 The Union agrees to provide the Employer with qualified employees (including apprentices) who hold the following core health and safety training, WHMIS 2015 (GHS), Confined Space Entry, Audiometric Testing (effective May 1, 2017), Fall Arrest/Fall Protection and Quantitative Respirator Fit tested. Where required by the customer/client potential employees shall have current CSTS certification or equivalent and H2S Alive.

Employees who are required by the Employer to do online Employer Orientation or Safety Training shall be paid for the employer allotted time required to do the Orientation/Training upon hire.

7.07 The Parties further agree that the Employer shall be responsible to re-certify all expired safety certificates or safety certificates needing renewal due to course content changes, for any employee who has been in their employ for more than sixty (60) calendar days.

7.08 The Parties agree to adopt the July 1, 2018 Version 6.0 Canadian Model for Providing a Safe Workplace Alcohol & Drug Guidelines and Work Rule. Adoption of Version 6.0 of the Canadian Model does not represent agreement by the parties to any portions of the Canadian Model that may violate any rights an employee may have under the Ontario Human Rights Act and/or the Canadian Charter of Rights and Freedoms.

ARTICLE 8.00 – WELDING TESTS

8.01 Any welder who is required to take a TSSA Weld Test, if required by the Employer, shall be paid for weld time required (to a maximum of four (4) hours per test) to take the test including transfer fees, materials and inspector fees.

Employees who are required by the Employer to have a specialty TSSA welding ticket(s) (or equivalent) at the time of hire shall have the required ticket(s), for the job, valid at the time of termination.

8.02 Should additional testing be required by the Employer, the employee shall be paid for the time required to take such additional tests.

When a welder is required to perform a test of a type other than a standard Provincial test, the Employer shall, on request, make available suitable material to allow a brief period of practice prior to taking the actual test.

8.03 Any welder possessing a current TSSA weld test Certificate of Qualification, who is instructed to proceed to take tests, necessitating their having to travel outside of the city limits of the city in which they reside or are employed, shall be reimbursed in an amount necessary to compensate them for travelling time, transportation, travel expenses, subsistence allowance, if applicable. The Employer and the Union will communicate and mutually agree to related costs and test location(s) before proceeding with the testing.

8.04 Welders passing a test will be furnished a copy of the test papers from the Employer or party requiring the test within thirty (30) days, or upon completion of the job, whichever is sooner, provided they are available at that time; otherwise the Employer will provide a letter confirming the test and the results.

8.05 Where a welder is to take an official Provincial test on which the issuance or re-issuance of their certificate will depend, they shall not be required to do so under conditions which would unfairly affect their ability to perform the test.

For other tests, the Employer may prescribe test conditions approximating, but not exceeding, conditions which may be encountered on the job.

Welders required to take any test shall be allowed to complete the test.

8.06 Any welder who successfully completes the welding test, but fails to report for work as notified, without a bona fide reason acceptable to the Employer, will not be eligible for any payment, including testing time and other allowances, as set out in Article 8.00.

8.07 Any welder required to take a pre-job welding test for employment with a company and fails the required weld test, the welder will be granted the opportunity to take a second test or receive four (4) hours pay. If the welder fails a second test then he will not be eligible for payment of wages, including testing time and other allowances as set out in Article 8.00.

ARTICLE 9.00 – ACCESS TO JOBS

9.01 The Employer shall grant to accredited Representatives of the International Brotherhood and Business Manager/Secretary-Treasurer and Assistant Business Manager of the Local Lodge, access to all jobs insofar as the Employer has the authority to allow such access, provided the Union Representative secures permission from the Employer's senior representative and does not cause employees to neglect their work.

ARTICLE 10.00 – STEWARDS

10.01 On all jobs, the Business Manager/Secretary-Treasurer or Assistant Business Manager of the Union will designate, or otherwise arrange for, the appointment of a Steward from among the qualified working journeyperson employees.

In all Provinces, where the Occupational Health and Safety legislation requires the selection of a health and safety representative, that representative of the Boilermaker employees will be the Steward.

10.02 It will be their duty to assist the Employer and the Union members, in carrying out the provisions of this Agreement and they will be allowed reasonable time to perform such duties by the Employer's representative on the job.

10.03 The Steward shall be retained until the end of the job, provided there is work available for which they are qualified; otherwise the Business Manager/Secretary-Treasurer or Assistant Business Manager of the Union will be notified in time to appoint a successor.

10.04 Under no circumstances shall the Job Steward make any arrangements with the General Foreperson, Foreperson, or Management that will change or conflict in any way with any section or terms of this Agreement.

10.05 The Steward shall not be discriminated against and shall receive their fair share of overtime work for which they are qualified. When any part of a crew is required to perform work on overtime or on bad weather days, and the Steward has been performing the type of work involved during the preceding regular shift, they shall be included in such required overtime or bad weather working time.

ARTICLE 11.00 – GRIEVANCE PROCEDURE

11.01 It is the mutual desire of the Parties hereto, that complaints of employees shall be adjusted as quickly as possible. The Foreperson or Supervisor shall be given the opportunity to adjust a complaint. When a complaint is reduced to writing it shall be termed a grievance.

11.02 Grievance shall mean any difference or dispute concerning the interpretation, application, administration or alleged violation of the Collective Agreement.

11.03 If a complaint is not settled in accordance with 11.01 above within three (3) working days, the matter shall be reduced to writing within ten (10) working days from the incident giving rise to the complaint.

11.04 After receipt of the grievance, the Employer shall give their reply in writing to the Business Manager/Secretary-Treasurer within ten (10) working days. If the matter is still not resolved then the Business Manager/Secretary-Treasurer or their Assistant shall advise the Employer within ten (10) working days.

11.05 Within ten (10) working days of receipt of notification from the Business Manager/Secretary-Treasurer in 11.04, the grievance shall be discussed at a meeting between the Business Manager/Secretary-Treasurer or their Assistant and a Representative of the Employer. After this meeting, the Employer shall give their answer to the Business Manager/Secretary-Treasurer in writing within ten (10) working days.

11.06 If the Employer's answer in 11.05 is unacceptable, the grievance shall then be discussed within a further five (5) working days at a meeting of the International Vice-President or their designated Representative and a Representative of the Employer. If the matter is not resolved within these five (5) working days, the matter shall be referred to the next step as outlined in 11.07.

11.07 Before proceeding to Arbitration, the Parties shall advise an authorized representative of the Boilermaker Contractors' Association of the details. At the request of either party, the grievance may be discussed between an International Officer of the Union and an authorized representative of the Boilermaker Contractors' Association in order to obtain an interpretation of the Collective Agreement in connection with the grievance. If the matter is still not resolved within five (5) working days of the referral to the Boilermaker Contractors' Association, then at the request of either party, the grievance may be referred to Arbitration.

Prior to advancing to arbitration, the parties shall participate in a resolution conference facilitated by a third party in an attempt to settle the differences. The third party will be mutually agreed upon and any cost for the third party shall be shared equally between the parties. The intent of the foregoing is for the parties to attempt to resolve a dispute prior to advancing to arbitration. For greater certainty, this step does not negate either parties' ability to advance a dispute to arbitration in the event the dispute remains unresolved.

11.08 It is understood and agreed that any of the time limits herein may be extended by mutual agreement in writing. In this Article, Saturday, Sunday and Recognized Holidays shall not be counted as working days.

11.09 In cases where an employee is discharged, the grievance shall be initiated at the level outlined in 11.04 and if the matter is not resolved within the steps and time limits outlined in 11.04 and 11.05, then the request for Arbitration may be initiated at this point by either party.

ARTICLE 12.00 – EMPLOYER, UNION GRIEVANCES

12.01 It is understood that the Employer or the Boilermaker Contractors' Association may bring a complaint or grievance against the Union or its members, and the Union may bring a complaint or grievance against the Employer or the Boilermaker Contractors' Association, concerning the interpretation, application, administration or alleged violation of the Collective Agreement.

Such a complaint shall be discussed with the Business Manager/Secretary-Treasurer or their Representative, the International Vice-President or their Representative or the Employer, the Boilermaker Contractors' Association or their Representative, within three (3) working days of the incident and if not resolved shall be reduced to writing and termed a grievance. The grievance must be sent to the applicable Business Manager/Secretary-Treasurer, the International Vice-President, the Employer or the Boilermaker Contractors' Association within ten (10) working days from the incident giving rise to the complaint.

12.02 After receipt of the grievance, the Business Manager/Secretary-Treasurer or Employer shall give their reply in writing to the Employer or Business Manager/Secretary-Treasurer within ten (10) working days.

12.03 If the Business Manager/Secretary-Treasurer's or Employer's answer in 12.02 is unacceptable, the grievance shall then be discussed within a further five (5) working days of receipt of either reply at a meeting of the International Vice-President or their designated Representative, and a Representative of the Employer. If the matter is not resolved within these five (5) working days, the matter shall be referred to the next step as outlined in 12.04.

12.04 Before proceeding to Arbitration, the Parties shall advise an authorized representative of the Boilermaker Contractors' Association of the details. At the request of either party, the grievance may be discussed between an International Officer of the Union, an authorized Employer Representative, and an authorized representative of the Boilermaker Contractors' Association in order to obtain an interpretation of the Collective Agreement in connection with the grievance. If the matter is still not resolved within five (5) working days of referral to the Boilermaker Contractors' Association, then at the request of either party, the grievance may be referred to Arbitration.

Prior to advancing to arbitration, the parties shall participate in a resolution conference facilitated by a third party in an attempt to settle the differences. The third party will be mutually agreed upon and any cost for the third party shall be shared equally between the

parties. The intent of the foregoing is for the parties to attempt to resolve a dispute prior to advancing to arbitration. For greater certainty, this step does not negate either parties' ability to advance a dispute to arbitration in the event the dispute remains unresolved.

12.05 It is understood and agreed that any of the time limits herein may be extended by mutual agreement in writing. In this Article, Saturday, Sunday, and Recognized Holidays shall not be counted as working days.

ARTICLE 13.00 – ARBITRATION

13.01 Prior to advancing to arbitration, the parties shall participate in a resolution conference facilitated by a third party in an attempt to settle the differences. The third party will be mutually agreed upon and any cost for the third party shall be shared equally between the parties. The intent of the foregoing is for the parties to attempt to resolve a dispute prior to advancing to arbitration. For greater certainty, this step does not negate either parties' ability to advance a dispute to arbitration in the event the dispute remains unresolved.

The Parties to this Agreement agree that any grievance which has been properly carried through all of the steps of the grievance procedure outlined in Articles 11 or 12, as applicable, shall be referred to Arbitration within twenty-one (21) working days after completion of Articles 11.07 or 12.04 as applicable.

13.02 When either party requests that a grievance be submitted to Arbitration, it shall make such a request in writing addressed to the other party to this Agreement, with a copy to the Boilermaker Contractors' Association. Within ten (10) working days of receipt of notice to proceed to Arbitration, the Boilermaker Contractors' Association will advise both Parties of the Arbitrator, together with the time and place of Arbitration.

13.03 The International Vice-President together with the Boilermaker Contractors' Association will establish a list of acceptable Arbitrators. The single Arbitrator will be chosen in rotation from this list.

13.04 Both Parties shall share equally the expenses and fees of the Arbitrator.

13.05 The Arbitrator shall not be authorized to make any decision inconsistent with the provisions of this Agreement, nor to alter, modify or amend any part of this Agreement.

Eight (8) hours per day shall constitute a normal day of work. The normal hours of work shall be between the hours of 7:00 a.m. and 6:00 p.m. for an eight (8) hour day with one-half (1/2) or one (1)

Variances beyond a half (0.5) hour of 7:00 a.m. and 6:00 p.m. shall be agreed mutually between the Employer and the Business Manager/Secretary-Treasurer. The half (0.5) hour variance is conditional upon the Employer giving the Union and affected employees appropriate advance notice.

If the foregoing starting or quitting times are changed without mutual agreement, applicable overtime rates shall be paid for any time worked before or after the above hours as a result of the change of times.

14.02 Compressed Work Week:

A minimum of forty (40) hours is required to implement the compressed work week schedule.
- d) Friday may be used as a make-up day under the four (4) day, ten (10) hours per day schedule when weather conditions have caused lost time during the work week. Work performed on the make-up day will be on a voluntary basis. Work performed on a make-up day for the first ten (10) hours shall be at the straight time hourly rate up to a maximum of forty (40) hours per week after which the applicable Saturday overtime provisions shall apply. In no case shall the time worked on a make-up day be less than eight (8) hours except where weather conditions affect the foregoing.
This only applies to standard forty (40) hour compressed work weeks.

14.03 Employees will not be required to work less than the regular assigned hours because of the starting or quitting time of any other trade on the job.

14.04 An employee shall not be required to work during their regular lunch break except in emergency or special circumstances, in which case, they will receive a re-assigned one-half (1/2) hour lunch break. If this break falls outside the regular lunch break established on the job, they shall receive an additional allowance of one-half (1/2) hour of pay at straight time rates which shall be in addition to their regular straight time hours.

14.05 Two rest or coffee breaks of 10 minutes each shall be established by the Employer on each 8 hour shift. If overtime is to follow the regular 8 hour work shift, a further 10 minute rest or coffee break shall be established before commencing overtime. At the sole discretion

of the Employer, where a scheduled 10 hour work day is established the rest or coffee breaks may be either three breaks of 10 minutes each, (described above) or two breaks of 15 minutes each.

When working ten (10) hour shifts the Employer may schedule two thirty-minute breaks in each shift in lieu of the regular scheduled coffee and lunch breaks on such shifts. When the Employer chooses to schedule two thirty minute breaks (in lieu of the regular scheduled coffee and lunch breaks), there will be a thirty (30) minute paid break in the first five hours of the shift and a thirty (30) minute paid break in the second five hours of the shift.

When working eight (8) hour shifts the Employer may schedule two thirty minute breaks in each shift in lieu of the regular scheduled coffee and lunch breaks on such shifts. When the Employer chooses to schedule two thirty minute breaks (in lieu of regular scheduled coffee and lunch breaks), there will be a thirty (30) minute paid break in the first four hours of the shift and a thirty (30) minute paid break in the second four hours of the shift.

When working a schedule twelve (12) hour shift, in lieu of the work breaks and lunch breaks provided herein, the Employer shall have the option of scheduling three half hour breaks, each paid at the applicable rate, approximately equally spaced in the twelve (12) hour shift. In lieu of the hot meal provided for in Article 16.02, the employer may provide the employee with a meal allowance of \$35.00 when a hot meal is impractical.

On scheduled overtime, the foregoing may only be changed by mutual consent of the Business Manager/Secretary-Treasurer or their Designate and the Employer prior to the commencement of the job.

ARTICLE 15.00 – SHIFT WORK

15.01 For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning.

Shifts may be commenced on any calendar day provided the appropriate requirements for shift premium and overtime as specified in this Agreement are met.

15.02 For the purpose of defining the shifts, the 1st shift shall be the day shift which commences at 7:00 a.m. This starting time may be varied by mutual agreement to suit job requirements. - d) Monday through Friday, each employee must have worked all the available scheduled straight time hours of a day before receiving overtime pay for hours worked thereafter on the same day. The above requirements may be waived at the discretion of the Employer in the event of a pre-planned and pre-approved absence or if the Employer authorizes an unplanned absence. This discretion will be applied in a fair and consistent manner.

16.02

- a) When an employee works more than 10 hours, a free meal (hot when possible) and beverage will be provided by the Employer immediately after the conclusion of 10 hours, and at each 4 hour interval thereafter. The employee shall be allowed a 30 minute meal break and shall be compensated at the straight time rate of pay. At their option, the Employer may advance the meal break to the conclusion of the normal working hours or any time between then and the conclusion of the 10 hours.

On scheduled overtime, the foregoing may only be changed by mutual consent of the Business Manager/Secretary-Treasurer or their Designate and the Employer prior to the commencement of the job.

On unscheduled overtime where the employee works through the overtime meal break and it is impractical to adhere to the foregoing, a meal allowance of \$35.00 plus one half hour of double (2) the regular hourly rate will be paid in lieu of the meal and meal break. The employee shall also receive a paid coffee or rest break (15 minutes) at the applicable rate.

a transition to another shift, the provisions of 16.02 (a) & (b) will not apply unless those provisions are applicable to the rest of the crew or the supervisor works more than two (2) hours beyond the end of their scheduled shift.

- b) Recognizing emergency situations will arise, if the Employer has not scheduled in excess of the eleven (11) hour shift, the Employer shall be granted a one (1) hour extension where the Employer need not supply a hot meal.

Thereafter the waiting pay shall be increased to a full day of pay (i.e. 8 hours) for each regular working day. This waiting pay shall continue until the employee is given work or released from the job in which latter case Article 19.02 shall govern.

In the event the Owner/Client postpones the original scheduled start date of a project to a later date, and the union office is notified 24 hours (during regular union hall business hours) prior to the start of the original scheduled shift, that the employee is not to report to work, then the employee will not be entitled to any reporting time. ARTICLE 23.00 – WAGES

23.01 As agreed to in the Memorandum of Agreement dated June 2, 2022 in the province of Ontario that forms part of the Collective Agreement (per Article 1.01).

ARTICLE 24.00 – PROVINCIAL AND FEDERAL LAWS

24.01 In the event any provision of this Agreement is in conflict with Provincial Statutes (or other areas where the Provincial Statutes are not applicable), the Parties agree to renegotiate such provisions for the purpose of making it conform to such Provincial Statutes where required, however, all other provisions of this Agreement shall remain in force.

24.02 When the employee is away from the jobsite and not under the specific direction and control of the Employer, nothing in this Agreement shall be construed to either increase or decrease the Employer's legal responsibility for the employee, nor the employee's entitlement to Workplace Safety & Insurance Board or other legal status; rather, these shall be determined on their merits in accordance with applicable acts, laws, rulings, and regulations.

ARTICLE 25.00 – BOILERMAKERS' NATIONAL HEALTH PLAN (CANADA)

25.01 The Employer shall contribute an amount, in cents-per-hour in accordance with the Wage and Benefit Schedule as set out in the Addendum attached hereto, to the Boilermakers' National Health Plan (Canada) for all hours worked, including waiting and reporting time, by all employees covered by this Agreement. Contributions on all overtime hours shall be calculated at the applicable overtime rate (i.e. 1 ½ or 2).

ARTICLE 26.00 – BOILERMAKERS' NATIONAL PENSION PLAN (CANADA)

26.01 The Employer shall contribute an amount, in cents-per-hour in accordance with the Wage and Benefit Schedule as set out in the Addendum attached hereto, to the Boilermakers' National Pension Plan (Canada) for all hours worked, including waiting and reporting time, by all employees covered by this Agreement. On November 30th, 2022 the employer shall cease pension contributions to the Boilermakers' National Pension Plan (Canada), on behalf of those employees who are seventy-one (71) years of age or older. The pension contributions that would otherwise be payable to the Boilermakers' National Pension Plan (Canada) will be paid on behalf of the applicable employee to the Boilermakers' National Health Plan (Canada). The computation of the amount payable will be in accordance with the provisions for pension contributions applicable to all other employees covered under the terms of this agreement.

In the event the employer, in error, makes pension contributions beyond the November work month on behalf of any employee who is 71 years of age or older, the administrator of the Boilermakers' National Pension Plan (Canada) will allocate the applicable contributions to the employee's account in the Boilermakers' National Health Plan (Canada).

ARTICLE 27.00 – APPRENTICES AND APPRENTICESHIP FUND

27.01 In the Province of Ontario: Boilermaker Apprentices, when available, shall be employed on work covered by this Agreement in the ratio of one (1) Apprentice to three (3) Journeyperson(s) including the welders list if the apprentice is so qualified. An Employer having more than one job in any given Lodge area may satisfy this requirement on an overall basis within the Lodge area.

It is recognized that there may be situations in which the above ratio would be impractical. In order to obtain relief, the Employer must consult with the Business Manager/Secretary-Treasurer of the Local Lodge and reach a mutually acceptable solution.

When the intent of the foregoing has been met, the Union shall not refer additional Apprentices in lieu of Journeyperson(s) without the Employer's agreement.

Apprentices shall only be referred, employed and paid at their proper classification and corresponding wage rate.

Apprentices shall not progress to Journeyperson wage rate until they have successfully completed their Certificate of Qualification (CofQ) or Boilermaker Red Seal where applicable.

Apprentice intakes will consist of up to twenty-five percent (25%) Helmets to Hardhats (H2H) candidates if available.

27.02 All Apprentices shall be employed in accordance with the provisions of the Apprenticeship Act of the Province of Ontario and the Parties hereto agree to observe all provisions of the said Act.

27.03 Apprentices shall be given the support of the Journeyperson working on the job on which the Apprentices are employed, and, the supervision of the Foreperson, and, under the guidance of the Journeyperson, they may perform rigging, fitting, welding, layout work or any other part of the trade of a Journeyperson Boilermaker.

27.04 The Apprenticeship Fund of Local Lodge 128 will be controlled by a Board of Trustees consisting of an equal number of Employer Representatives and Union Representatives, who will administer the Fund as per the established jointly trustee Trust Documents.

27.05 The Parties acknowledge the formation of a National Training Trust Fund (NTTF) Committee who will act in a coordinating capacity to assist the Local Lodge Apprenticeship

Fund Trustees. The Parties agree to abide by the Articles of the Agreement and Declaration of Trust for the Boilermakers' Apprenticeship Trust Fund for the Province of Ontario dated February 15, 2019.

27.06 The Employer shall contribute an amount, in cents-per-hour in accordance with the Wage and Benefit Schedule as set out in the Addendum attached hereto, to the Apprenticeship Fund for all hours worked, including waiting and reporting time, by all employees covered by this Agreement. 28.02 The above contributions shall be forwarded monthly to the Business Manager/Secretary-Treasurer of the Local Lodge in whose jurisdiction the work is being performed. The contributions must be accompanied by a report showing each employee's name, social insurance number, hours worked, and amount of contribution.

28.03 The Educational Training Fund and programs are to be administered and controlled by a Board of Trustees consisting of an equal number of Employer Representatives and Union Representatives, for the Local Lodge as per the established jointly trusted Trust Documents.

28.04 The Parties acknowledge the formation of a jointly trusted National Apprenticeship and Educational Training Fund (NTTF) Committee who will act in a coordinating capacity to assist the Local Lodge Educational Training Fund trustees. Where an Employer is delinquent in filing remittances pursuant to Article 25.01 and 26.01 of the Collective Agreement and the Board of Trustees, with reasonable cause, decide to initiate collection proceedings, the Employer shall bear all of the costs of collection, including the costs of arbitration and interest on the aforesaid monies, computed at the prime rate of the Bank of Canada.

32.03 The party receiving such notification shall have the right to submit counter-proposals provided they are submitted sixty (60) days prior to the expiration of this Agreement.

32.04 The Parties shall meet as defined under the applicable Labour Relations Act prior to the expiration date of this Agreement, and shall negotiate with a view to concluding a Collective Agreement without unnecessary delay.

32.05 If a revised Collective Agreement has not been concluded prior to the expiration date of this Agreement, it may be extended beyond that date to whatever extent may be mutually agreed to between the International Vice President and the Board of Directors of the applicable Association(s), or as provided by applicable laws, statutes or regulations.

ARTICLE 33.00 – SUBMISSION OF DUES AND OTHER CONTRIBUTIONS

Failure to comply constitutes a serious breach of the Agreement.

The Parties to the Agreement may impose penalties which could include:

- a) the appointment of an independent auditor to inspect those books and records of the Employer, pertaining to the above stated contributions, where the Parties have reasonable grounds to believe that all proper contributions have not been made under this Collective Agreement. Where the Employer is delinquent and the Parties initiate collection proceedings, the Employer shall bear all the costs of collection, including the costs of arbitration and interest on the aforesaid monies, computed at the prime rate plus 1% of the Bank of Canada.

LETTER #2
SUBCONTRACTING OF WORK
(REFERRED TO IN ARTICLE 29.00)

**TO: ALL SIGNATORY COMPANIES TO THE BOILER ERECTION AND FIELD
CONSTRUCTION AGREEMENT (CANADA) - 1966 - 1969**

Gentlemen:

During negotiations of this Agreement in June and July of 1966, the Union had requested inclusion of a clause covering sub-contract work on the various projects to be included in the National Agreement. Subsequently this was omitted because of the difficulties in arriving at suitable language which would be satisfactory to both the Union and the signatory companies. However, it was agreed at that time that even though a sub-contract clause was not part of the National Agreement, this did not allow a signatory company to sub-contract their work to a non-union or non-signatory contractors and thus avoid their contractual obligations with the Boilermakers' Union. Therefore, any sub-contract work for field construction should be awarded only to another signatory contractor.

During negotiations, the question of fabrication in various shops of work coming under the jurisdiction of the Boilermakers' Union on field erection, was discussed. It was pointed out to the representatives of the member companies present that considerable difficulty was being experienced and much pressure made to bear by industrial fabricators in agreement with the Boilermakers' Union to having work done in their shops. Further it was pointed out that due to the fact that national contractors had a contractual obligation to the various pipefitting work and fabrication done in shops in agreement with the United Association, on a local or national basis, consideration should be given to the Boilermaker Fabricators when work was being awarded.

The Boilermakers pointed out that contractually there was no obligation for contractors to solicit only companies in agreement with the Boilermakers to do their fabrication work. It was suggested that in order to minimize difficulties that might be encountered in areas where such work is scheduled and which are highly union organized, that contractors try to place their fabrication work in Boilermaker shops or shops which are organized by other A.F.L. or C.I.O. unions.

If, however, it become necessary to place others in non-union shops because of scheduling or by reason of particular manufacturing needs or requirements, then the matters should be discussed with the Boilermakers' International in order that agreement can be reached and any subsequent problems in connection with the field erection of this work be avoided.

LETTER #5
MEMORANDUM OF UNDERSTANDING REGARDING LOA
(REFERRED TO IN ARTICLE 20.02)

WHEREAS on June 5, 2012 the BCA wrote to the IBB instructing their locals not to dispatch permit workers that are not qualified to perform the work of a Boilermaker (letter attached)

AND WHEREAS during the 2016 round of bargaining the BCA and the IBB were faced with a challenge to ensure that there were adequate numbers of qualified craft workers available to supply manpower requirements of the contractors;

AND WHEREAS there are IBB members from specific out-of-work lists in Ontario willing to accept a dispatch to a job in another area out-of-work list however, the absence of an LOA was problematic;

AND WHEREAS in certain instances, although, not a requirement in the CBA, LOA was being paid at certain sites in order to supply the project with a full complement of craft workers;

AND WHEREAS the BCA negotiating committee seriously looked at various scenarios and benefits of introducing an LOA into the agreement;

AND WHEREAS those benefits consisted of the following:

1. Health & Safety – recognizing all stakeholders are advocates of safety and work in our industry for the most part is “safety sensitive” workers therefore workers with Trade Qualifications (TQs) are prepared to work safely.
2. Productivity / Quality – there is certainly a cost to the Owner when workers are dispatched to the job without a TQ to fill a dispatch, anyone can make the case for what the percent loss of productivity would be working with unqualified workers.
3. Cost – excel spreadsheet calculations were constructed for a typical outage with 30% of crew on LOA factoring in safety training of permit workers and cost per hour for the Owner’s loss of production for each day a shutdown is extended and the savings negate the cost of LOA.
4. IBB concessions, 50% name hire, reduction in show up time reporting payment due to inclement weather, reduction of duplicative training, improved language on welder qualification testing, improved make-up day language, and improvement to Tank Letter.

AND WHEREAS the language in the expired CBA at Article 20.00 – Subsistence Allowance, 20.02 a) through c), flowed to the MOA, it has caused interpretation and potential application issues related to the new language in the MOA at Article 20.00 and 20.02 d).

Expired Agreement language carried forward

20.02 For employees supplied or obtained from other sources, entitlement to subsistence allowance shall be as follows:

- a) When a travel card member has deposited their card in another Lodge area, and has solicited work from that Lodge List or an Out-of-Work List, they shall be considered to be a resident of that List area and shall be entitled to subsistence and travel time, or otherwise, on that basis.
- b) In other cases, where the Union supplies workers from other Local Lodges, without Employer consultation and agreement to the employees proposed, the Employer shall not be obligated to pay subsistence.
- c) Where the Employer obtains or supplies workers from other sources, or agrees to the Union's assistance in doing so, the Employer shall determine whether subsistence is to be paid; provided however that subsistence shall not be paid to any such employee unless they are required to maintain temporary living quarters away from their permanent residence.

Addition of new language to MOA

- d) *Effective January 1, 2017* – If the Union is unable to supply Boilermakers from the local hiring hall and the Union dispatches from another Out-of-Work list and the member dispatched maintains a primary residence that is greater than one hundred and fifty (150) road kilometers from the jobsite then that member shall receive daily subsistence per day worked.

Article 20.00 – Subsistence Allowance / new language in MOA agreed post bargaining

The parties agree that the following provision applies to short term high density shutdown work and every available qualified local area worker will be given the opportunity for referral before the order gets referred to another Boilermaker union office outside of the specific out-of-work list area requiring man-power. Also be advised that any Boilermaker referred under this provision will have all job ready dispatch safety requirements as stipulated in the Collective Agreement.

AND WHEREAS the Parties to the CBA are desirable to find a resolve to satisfy all stakeholders;

Dear Sirs:

Re: Dispatch of 'Permit' Boilermakers

Boilermaker locals utilize a number of 'permit' workers in order to fill their dispatch orders when the Boilermaker local and travel card membership is insufficient to fill Contractor requests. This typically happens during periods of peak demand (for example turnarounds or shutdowns) or during a booming economy (which we are currently experiencing in a number of provinces). There have also been instances when a certain job may not be attractive to the local membership and the local has to dispatch permits to fill the Contractors' requests.

A number of BCA Contractors have identified situations where poorly qualified if not "unqualified" permit Boilermakers were dispatched to their jobs. This has created a variety of issues ranging from client complaints about paying full price for less than qualified personnel to impacting job quality and productivity as well as affecting project schedules and creating unsafe work situations.

We all recognize and appreciate the value of a fully trained and qualified Boilermaker. Our clients expect nothing less. We cannot continue to employ Boilermakers in name alone; they must be qualified and skilled at the Boilermaker trade. In these days of high demand for a skilled workforce, with many Employers competing for the skilled tradesperson, it is imperative that competent and qualified Boilermakers are dispatched to our jobs.

Our Contractors have an obligation as well to ensure that dispatched Boilermakers have the appropriate trade qualifications or required tickets to perform the work. We will be reminding our Member Contractors to be diligent in reviewing potential employees' credentials and to refuse to hire anyone who is not qualified to perform the work. Contractors will require Red Seal qualified Boilermakers or a Provincial Journeyman trade ticket in boilermaking and/or welding.

The Owner community has increasingly demonstrated their willingness to employ Contractors with alternative labour providers. How we continue to remain their Contractor of choice is by supplying them with qualified Boilermakers to perform the work safely, on time and within budget.

We need your assistance to deliver to their expectations and request that you inform all of your locals not to dispatch permit workers that are not qualified to perform the work of a Boilermaker.

This issue affects all of us negatively and impacts our reputations as well as the future of both of our organizations.

David Galvin

LETTER #6

**Letter of Understanding
Between
Boilermaker Contractors' Association
And
The International Brotherhood of Boilermakers**

Re: Online Portal for Employers to Access Job Ready Dispatch Core Training Records

The IBB commits to creating an online portal to house the Job Ready Dispatch (“JRD”) core training records listed under Article 7.06 to provide employers with the ability to access and download the records to make it easier for employers to complete the necessary health and safety due diligence before permitting the employee to start work, and to comply with the requirements set out in the *Occupational Health and Safety Act* and its regulations.

The IBB and its Lodge 128 further commits to have the above-mentioned online portal for employers to access employee JRD core training records developed and implemented by December 31, 2022.
