ARTICLE 1.00 – PURPOSE

1.01

The purpose of this Agreement is to govern wages and working conditions within the Provinces of Manitoba to promote orderly harmonious relationships between the Employer and its employees. The Union agrees to cooperate with and assist the Employer in every legitimate way to conduct a successful business, bearing in mind that both parties must give service to the public.

The Boilermaker Industry is committed to the prevention and elimination of occupational injuries and illnesses and supports the pursuit of a safety culture achieved by all workplace stakeholders understanding their health and safety responsibilities and through the continuous improvement of occupational health and safety. All workplace stakeholders recognize that the health and safety of Boilermakers is of paramount importance and the compliance with all employment and safety related statutes is mandatory.

The parties agree that the Memorandum of Agreement dated April 19, 2022 for Manitoba, forms part of this Agreement.

The parties agree to keep the Master Portion consistent for all provinces, unless dictated by Provincial Legislation or industry specific requirements. For work in Nunavut, Northwest Territories, Yukon, and the District of Mackenzie, please contact the International Office of the International Brotherhood of Boilermakers and the Boilermaker Contractors' Association Office.

ARTICLE 2.00 - RECOGNITION AND CRAFT JURISDICTION

2.01

The Employer recognizes the Union as the sole collective bargaining agency for hourly rated employees employed on field construction, erection, rigging, field fabrication, unloading and work involving assembling, dismantling and demolition performed by the Employer within the jurisdiction of the Union.

2.02

The Employer recognizes the jurisdictional claims of the Union as provided for in the Charter Grant issued by the American Federation of Labour to the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, it being understood that the claims are subject to trade agreements and final decisions of the A.F.L.-C.I.O. as well as the decisions rendered by the Impartial Jurisdictional Disputes Board.

For the purpose of clarification, the jurisdictional claims of the Union are contained in Letter No. 1 attached hereto.

2.03

"Employees" as used herein, means employees of the Employer engaged in such work in Manitoba.

2.04

This Agreement does not apply to work which is performed by the Employer in the Employer's facilities.

2.05

This Agreement shall not apply to timekeepers, engineers, field office and clerical workers, or to employees above the rank of General Foreperson.

2.06

When a tool crib is established by an Employer on a job on which their work is predominantly Boilermaker jurisdiction, and an attendant is required, they shall be a member of the Union. The necessity of a tool crib and/or an attendant will be determined by the Employer.

2.07

The Union and Employer agree that Union members above the rank of General Foreperson may continue to participate in Boilermaker Benefits by the Employer contributing to all Funds on behalf of the Employee, as set out in the relevant provincial (regional) Wage and Benefit Schedule, subject to the specific Employer and Employee entering into a Participation Agreement with the Trustees of the Boilermakers' National Health Plan (Canada)/Boilermakers' National Pension Plan (Canada), on terms and conditions established by the Trustees of the said Funds.

This Article does not extend the bargaining rights of the Union to any Employee(s) accepted to continue to participate in the Benefits provided hereunder, and no other provision of this Collective Agreement shall apply to such Employee(s).

ARTICLE 3.00 - MANAGEMENT RIGHTS

3.01

It is the Employer's right to operate and manage its business in all respects in accordance with its responsibilities and commitments. The location of jobs, the choice of equipment, the schedule of installation, the methods and means of installation, are solely and exclusively the responsibility of the Employer.

3.02

- a) The Employer has the right to make and alter, from time to time, rules and regulations to be observed by the employees, provided that they are not inconsistent with this Agreement and are in compliance with all employment and safety related statutes related to Provincial and/or Federal Legislation.
- b) The Parties agree to cooperate to facilitate broad and liberal leaves for operations and training military leave for workers who serve as members of the Canadian Forces Reserves, in accordance with Provincial and Federal law and the "Declaration of Support for the Reserve Forces" signed by the Canadian Office of the Building and Construction Trades Department and the National Construction Labour Relations Alliance, dated May 12th, 2010.

3.03

It is an exclusive function of the Employer to hire, promote, demote, transfer (i.e. Article 4.04), suspend, layoff, discipline or discharge for just cause, employees in the bargaining unit, subject to the provisions of this Agreement.

The designation and determination of the number of General Foreperson, Foreperson and Assistant Foreperson is the sole responsibility of the Employer.

3.06

General Foreperson shall be utilized by an Employer whenever they have established this level of supervision on their work on a project and when the number of employees reaches the level established; or when this level is appropriate to the size and nature of the job as determined by the Employer.

The Employer shall discuss in advance of the job commencing, the availability of qualified General Foreperson with the Business Manager/Secretary-Treasurer or their designated Business Representative and consideration will be given to members of the Local Lodge, however, the final selection of a General Foreperson, and the determination and acceptance of their qualifications, shall be the sole prerogative of the Employer.

4.10

The Employer will notify the Union of any transfers, suspensions, layoffs, quits, disciplinary notices or terminations in a timely manner via fax or electronic means.

ARTICLE 5.00 - NO STRIKES OR LOCKOUTS

5.01

- b) Should the same Employer assign the identical work, contrary to the Arbitrator's original ruling and the work assignment is once again challenged by the Union and referred to the Canadian Plan and the Arbitrator again finds in favour of the Union, the Employer will be subject to the Arbitration procedure in Article 13.02.

Welders required to take any test shall be allowed to complete the test.

8.06

Any welder who successfully completes the welding test, but fails to report for work as notified, without a bona fide reason acceptable to the Employer, will not be eligible for any payment, including testing time and other allowances, as set out in Article 8.00.

8.07

ARTICLE 9.00 - ACCESS TO JOBS

9.01

The Employer shall grant to accredited Representatives of the International Brotherhood and Business Manager/Secretary-Treasurer and Assistant Business Manager of the Local Lodge, access to all jobs insofar as the Employer has the authority to allow such access, provided the Union Representative secures permission from the Employer's senior representative and does not cause employees to neglect their work.

ARTICLE 10.00 – STEWARDS

10.01

On all jobs, the Business Manager/Secretary-Treasurer or Assistant Business Manager of the Union will designate, or otherwise arrange for, the appointment of a Steward from among the qualified working journeyman employees.

In all Provinces, where the Occupational Health and Safety legislation requires the selection of a health and safety representative, that representative of the Boilermaker employees will be the Steward.

10.02

It will be their duty to assist the Employer and the Union members, in carrying out the provisions of this Agreement and they will be allowed reasonable time to perform such duties by the Employer's representative on the job.

10.03

The Steward shall be retained until the end of the job, provided there is work available for which they are qualified; otherwise the Business Manager/Secretary-Treasurer or Assistant Business Manager of the Union will be notified in time to appoint a successor.

10.04

Under no circumstances shall the Job Steward make any arrangements with the General Foreperson, Foreperson, or Management that will change or conflict in any way with any section or terms of this Agreement.

10.05

The Steward shall not be discriminated against and shall receive their fair share of overtime work for which they are qualified. When any part of a crew is required to perform work on overtime or on bad weather days, and the Steward has been performing the type of work involved during the preceding regular shift, they shall be included in such required overtime or bad weather working time.

ARTICLE 11.00 - GRIEVANCE PROCEDURE**11.01**

It is the mutual desire of the parties hereto, that complaints of employees shall be adjusted as quickly as possible. The Foreperson or Supervisor shall be given the opportunity to adjust a complaint. When a complaint is reduced to writing it shall be termed a grievance.

11.02

Grievance shall mean any difference or dispute concerning the interpretation, application, administration or alleged violation of the Collective Agreement.

11.03

If a complaint is not settled in accordance with 11.01 above within three (3) working days, the matter shall be reduced to writing within ten (10) working days from the incident giving rise to the complaint.

11.04

After receipt of the grievance, the Employer shall give their reply in writing to the Business Manager/Secretary-Treasurer within ten (10) working days. If the matter is still not resolved then the Business Manager or their Assistant shall advise the Employer within ten (10) working days.

11.05

Within ten (10) working days of receipt of notification from the Business Manager/Secretary-Treasurer in 11.04, the grievance shall be discussed at a meeting between the Business Manager or their Assistant and a Representative of the Employer. After this meeting, the Employer shall give their answer to the Business Manager/Secretary-Treasurer in writing within ten (10) working days.

11.06

If the Employer's answer in 11.05 is unacceptable, the grievance shall then be discussed within a further five (5) working days at a meeting of the International Vice-President or their designated Representative and a Representative of the Employer. If the

matter is not resolved within these five (5) working days, the matter shall be referred to the next step as outlined in 11.07.

11.07

Before proceeding to Arbitration, the parties shall advise an authorized representative of the Boilermaker Contractors' Association of the details. At the request of either party, the grievance may be discussed between an International Vice-President or their representative and an authorized representative of the Boilermaker Contractors' Association in order to obtain an interpretation of the Collective Agreement in connection with the grievance. If the matter is still not resolved within five (5) working days of the referral to the Boilermaker Contractors' Association, then at the request of either party, the grievance may be referred to Arbitration.

Prior to advancing to arbitration, the parties shall participate in a resolution conference facilitated by a third party in an attempt to settle the differences. The third party will be mutually agreed upon and any cost for the third party shall be shared equally between the parties. The intent of the foregoing is for the parties to attempt to resolve a dispute prior to advancing to arbitration. For greater certainty, this step does not negate either parties ability to advance a dispute to arbitration in the event the dispute remains unresolved.

11.08

LETTER #2
SUBCONTRACTING OF WORK
(REFERRED TO IN ARTICLE 29.00)

**TO: ALL SIGNATORY COMPANIES TO THE BOILER ERECTION AND FIELD
CONSTRUCTION AGREEMENT (CANADA) - 1966 - 1969**

Gentlemen:

During negotiations of this Agreement in June and July of 1966, the Union had requested inclusion of a clause covering sub-contract work on the various projects to be included in the National Agreement. Subsequently this was omitted because of the difficulties in arriving at suitable language which would be satisfactory to both the Union and the signatory companies. However, it was agreed at that time that even though a sub-contract clause was not part of the National Agreement, this did not allow a signatory company to sub-contract their work to a non-union or non-signatory contractors and thus avoid their contractual obligations with the Boilermakers' Union. Therefore, any sub-contract work for field construction should be awarded only to another signatory contractor.

During negotiations, the question of fabrication in various shops of work coming under the jurisdiction of the Boilermakers' Union on field erection, was discussed. It was pointed out to the representatives of the member companies present that considerable difficulty was being experienced and much pressure made to bear by industrial fabricators in agreement with the Boilermakers' Union to having work done in their shops. Further it was pointed out that due to the fact that national contractors had a contractual obligation to the various pipefitting work and fabrication done in shops in agreement with the United Association, on a local or national basis, consideration should be given to the Boilermaker Fabricators when work was being awarded.

The Boilermakers pointed out that contractually there was no obligation for contractors to solicit only companies in agreement with the Boilermakers to do their fabrication work. It was suggested that in order to minimize difficulties that might be encountered in areas where such work is scheduled and which are highly union organized, that contractors try to place their fabrication work in Boilermaker shops or shops which are organized by other A.F.L. or C.I.O. unions.

If, however, it become necessary to place others in non-union shops because of scheduling or by reason of particular manufacturing needs or requirements, then the matters should be discussed with the Boilermakers' International in order that agreement can be reached and any subsequent problems in connection with the field erection of this work be avoided.

APPENDIX "F"
MANITOBA

ARTICLE 1.00 - PURPOSE

1.01

The Parties agree that the Memorandum of Agreement dated April 19, 2022 forms part of this Agreement.

3.07 Local Residents:

In execution of certain projects, local residents may be given priority of employment provided such resident meets the following criteria:

A local resident is defined as a local Union member who has resided within seventy (70) road kilometres from the project for at least six (6) months immediately preceding date of hire. An employee's residence is the place where they permanently maintain a self-contained domestic establishment (a dwelling place, apartment, or similar place of residence where a worker generally sleeps and eats) in which they reside and for which they can show proof acceptable to the Employer.

ARTICLE 14.00 - HOURS OF WORK

14.01

The Employer does not guarantee to provide work to any employee for regularly assigned hours or any other hours, except as provided for in Article 18.00. Eight (8) hours shall constitute a normal day of work. The normal hours of work shall be between the hours of 7:00 a.m. and 6:00 p.m. for an 8 hour day, with one-half or one hour for lunch at the midpoint of the shift. Forty (40) hours shall constitute a normal week's work, Monday through Friday inclusive.

Variances beyond one (1) hour of 7:00 a.m. and 6:00 p.m. shall be agreed mutually between the Employer and the Business Manager/Secretary Treasurer. The one (1) hour variance is conditional upon the Employer giving the Union and affected employees appropriate advance notice.

If the foregoing starting or quitting times are changed without mutual agreement, applicable overtime rates shall be paid for any time worked before or after the above hours as a result of the change of the times.

14.02 Compressed Work Week:

- a) The work days may be altered (between Monday to Friday inclusive) on any project by mutual agreement in writing between the Business Manager/Secretary-Treasurer and the Employer.
- b) The hours of work may be altered (between Monday to Friday inclusive) on any project by mutual agreement in writing between the Business Manager/Secretary-Treasurer and the Employer.
- c) When working under the four (4) day work week schedule Friday may be used as a make-up day when weather conditions have caused lost time during the regular work week. A make-up day will only be worked during the week the time is lost. Work performed on a "make-up day" shall be paid at the regular straight time rate for the first ten (10) hours to a maximum of forty (40) hours per week, after which time and

one-half (1 ½) rates shall apply. In no case shall the time scheduled on a "make-up day" be less than eight (8) hours except where weather conditions dictate otherwise. All time worked on a "make-up day" will be at the employee's choice. (See Letter #5) Where a holiday occurs during the normal work week the maximum of thirty (30) hours per week shall form the basis of maximum straight time rate.

Work performed on Saturday, Sunday or Recognized Holidays shall be paid at the applicable overtime premium.

A minimum of forty (40) hours is required to implement the compressed work week schedule. Where a multi trade project is scheduled under the four (4) ten (10) hour shift scenario (Monday - Thursday) and a contractor secures short term work that may not provide for forty (40) hours of work, all hours worked shall be paid for in keeping with the provisions applicable to the four (4) ten (10) hour shift.

14.03

Employees will not be required to work less than the regular assigned hours because of the starting or quitting time of any other trade on the job.

14.04

An employee shall not be required to work during their regular lunch break except in emergency or special circumstances, in which case, they will receive a re-assigned one-half hour lunch break. If this break falls outside the regular lunch break established on the job, they shall receive an additional allowance of one-half hour of pay at straight time rates which shall be in addition to their regular straight time hours.

14.05

Two rest or coffee breaks of (10) minutes each shall be established by the Employer on each (8) hour shift. If overtime is to follow the regular (8) hour work shift, a further (10) minute rest or coffee break shall be established before commencing overtime. At the sole discretion of the Employer, where a scheduled 10 hour work day is established the rest or coffee breaks may be either three breaks of 10 minutes each, (described above) or two breaks of 15 minutes each.

14.06

When working ten (10) hour shifts, in lieu of the work breaks and lunch breaks provided herein, the Employer shall have the option of scheduling two (2) breaks of one-half (½) hour each, paid at the applicable rate, approximately equally spaced in the ten (10) hour shift. In the event an employee is not able to take a break, the employee shall be paid at applicable overtime rates for the missed break. When the hour before and the hour following the missed break are at straight time, time and one-half (1 ½) shall be paid for the missed break.

This option shall not be applicable to compressed work weeks for which work days are regularly scheduled in excess of ten (10) hours. A change in the scheduling of break will normally be communicated to the affected employees prior to the end of the work cycle before the change.

When working twelve (12) hour shifts, in lieu of the work breaks and lunch breaks provided herein, the Employer shall have the option of scheduling three (3) breaks of one-

half (1/2) hour each, paid at the applicable rate, approximately equally spaced in the twelve (12) hour shift.

ARTICLE 15.00 - SHIFT WORK

15.01

For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning.

Shifts may be commenced on any calendar day provided the appropriate requirements for shift premium and overtime as specified in this Agreement are met.

15.02

For the purpose of defining the shifts, the 1st shift shall be the day shift, which commences at 7:00 a.m. This starting time may be varied by mutual agreement to suit job requirements. The 2nd shift shall be the afternoon shift and shall follow the 1st shift. The 3rd shift shall be the night shift and shall follow the 2nd shift. 2nd and 3rd shifts shall commence not later than one hour after the completion of the preceding shift, except where this is prevented by conditions or requirements beyond the control of the Employer.

15.03

When two (2) or three (3) shifts are scheduled, each shift shall provide for a one-half (1/2) hour unpaid meal period. A shift premium, as set out in the Wage and Benefit Schedule of this appendix, shall apply on all hours worked on the second and third shift.

15.04

Employees assigned from one shift to another shall receive at least twenty-four (24) hours of notice prior to such reassignment. In no case shall an employee suffer loss of regular weekly earnings due to a shift change.

15.05

When an employee is required to return to work without an 8 hour break, all work performed shall be paid for at the applicable overtime rates, until such time as the employee receives an eight (8) hour break.

ARTICLE 16.00 - OVERTIME

16.01

- a) When an employee is required to work in excess of the regular hours, Monday through Friday inclusive, they shall be paid at the rate of time and one-half (1 ½) the regular rate of pay for the first two (2) hours and anything in excess will be paid at double (2) time the regular rate of pay.

Employees working on a Saturday shall be paid an overtime rate at time and one-half (1 ½) for the first eight (8) hours and anything in excess shall be paid at double (2) time the regular rate of pay.

Employees working on a Sunday or Recognized Holidays shall be paid an overtime rate at double (2) time the regular rate of pay.

- b) Two or Three Shift Operation:
Employees working overtime shall continue to receive their shift premium for all hours worked. The shift premium shall not be compounded for overtime hours worked.
- c) Monday through Friday: Each employee must have worked all the available scheduled straight time hours of a day, before receiving overtime pay for hours worked thereafter on the same day. The above requirements may be waived at the discretion of the employer in the event of a pre-planned and pre-approved absence or if the employer authorizes an unplanned absence. This discretion will be applied in a fair and consistent manner.

16.02

- a) When an employee works more than 10 hours, a free meal (hot when possible) and beverage will be provided by the Employer immediately after the conclusion of 10 hours, and at each 4 hour interval thereafter. The employee shall be allowed a 30 minute meal break and shall be compensated at the straight time rate of pay. At their option, the Employer may advance the meal break to the conclusion of the normal working hours or any time between then and the conclusion of the 10 hours.

On scheduled overtime, the foregoing may be changed by mutual consent of the Business Manager/Secretary Treasurer or their Designate and the Employer prior to the commencement of the job.

On unscheduled overtime where the employee works through the overtime meal break and it is impractical to adhere to the foregoing, a meal allowance of \$30.00 plus one half hour of straight time wages will be paid in lieu of the meal and meal break. The employee shall also receive a paid coffee or rest break (15 minutes) at the applicable rate.

Where a supervisor is required to:

- (i) Start up to one (1) hour earlier, or
 - (ii) Finish up to one (1) hour later, or
 - (iii) Start up to one half (1/2) hour earlier and finish up to one half (1/2) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions of 16.02 (a) & (b) will not apply unless those provisions are applicable to the rest of the crew or the supervisor works more than two (2) hours beyond the end of their scheduled shift.
- b) Recognizing emergency situations will arise, if the Employer has not scheduled in excess of the eleven (11) hour shift, the Employer shall be granted a one (1) hour extension where the Employer need not supply a hot meal.

ARTICLE 18.00 - WAITING AND REPORTING TIME

18.01

When an employee, on initial hire or transfer to a project, is instructed by the Employer to report to a job location on a certain day but is not placed to work until a later date, they shall be entitled to four (4) hours of pay, plus subsistence if applicable, for each of the first two regular working days they are kept waiting. Thereafter the waiting pay shall be increased to a full day of pay (i.e. 8 hours) for each regular working day. This waiting pay shall continue until the employee is given work or released from the job in which latter case Article 19.01(c) shall govern.

18.02

a) **Inclement Weather:**

When an employee reports to work and cannot work because of inclement weather they shall be paid three (3) hours reporting time and the employee must remain on the job for the three (3) hour period, unless otherwise instructed by the Employer's supervisor. When an employee has commenced work and is instructed to stop due to inclement weather, they shall be paid for the actual time worked. In no case shall an employee receive less than three (3) hours of pay.

b) **Work Not Available:**

When an employee reports to work and is not given the opportunity to work because none is available or was not advised before the completion of the previous day of work, they shall be paid three (3) hours of reporting time and allowed to leave the job immediately.

c) When an employee has started to work on their regular shift and is instructed to stop, they shall be paid for the actual time worked. In no case shall the employee receive less than three (3) hours of pay.

d) If an employee stops work for reasons of their own, and without the approval of the Employer, they shall be entitled to pay only for the hours actually worked in the day and minimum conditions shall not apply.

e) Subject to all of the above, it shall be the Employer's prerogative to decide whenever work shall be stopped during the day for any reason.

18.03

An employee who is affected by the Conditions set out above shall be entitled to subsistence in accordance with the provisions of this Agreement.

18.04

When an employee qualifies for reporting or waiting time, such time shall include the regular shift premium when applicable.

18.05

When an employee is notified eight (8) hours prior to the commencement of the scheduled starting time not to report for work, then such employee will not be entitled to any reporting time. On camp jobs, the notice time may be reduced to one (1) hour prior to starting time. If this occurs more than twice in any one week, Monday through Friday, then the employee shall, at their option, be entitled to a layoff, however this does not pertain to the normal Christmas break (i.e. 2 weeks).

18.06

When an employee is unable to report for work due to a strike or work stoppage on the project where they are employed, such employee will not be entitled to any reporting time.

18.07

If an employee meets with an accident during working hours and available medical advice or proper medical considerations deem it unsafe for them to continue work, they shall be paid those amounts as compensation as prescribed in the Workers' Compensation Act and shall also receive any other applicable daily allowances. If it is not a lost time accident covered by Workers' Compensation, they shall also be paid for the remaining unworked normal daily hours for that day (i.e. eight (8) hours, or in case of compressed work day ten (10) hours) at the applicable rate.

ARTICLE 19.00 - TRAVELLING EXPENSES

19.01

a) **Free Zone:**

A 32 kilometre radius around the City Hall of Winnipeg shall comprise a free zone.

b) **32 Km to 100 Km Radius Zone:**

On those projects that are located within the 32 kilometre to 100 kilometre radius from the City Hall of Winnipeg, the Employer shall supply suitable transportation to and from the project and mutually agreed pick-up points, or pay a transportation rate as set out in the Wage and Benefit Schedule per radius kilometre for each day worked or reported for work, from the 32 kilometre radius to the project and return.

c) **Projects over 100 Km Radius Zone:**

Notwithstanding Article 19.02, for purposes of initial and terminal transportation expenses, on those projects over 100 kilometre radius from the City Hall of Winnipeg, the Employer shall pay a transportation rate as set out in the Wage and Benefit Schedule per radius kilometre from the edge of the 32 kilometre radius free zone of the respective city hall to and from the project.

If the project is accessible only by airplane the employee shall receive the actual cost of the air fare.

For an employee to qualify for transportation expenses, the employee must remain fifteen (15) calendar days on the project or until layoff, job completion or if they have been granted permission by the Employer to leave before completion, for initial transportation expenses; and thirty (30) calendar days or until layoff, job completion, or if they have been granted permission by the Employer to leave before completion, whichever comes first, to receive terminal transportation expenses. The Employee shall receive the payment on the pay day corresponding to the pay period during which they qualified.

On sites where a camp is not provided, the Employer shall provide daily transportation or pay a transportation rate as set out in the Wage and Benefit Schedule per kilometre each way to and from the temporary domicile to the project for each day worked or reported for work by the employee. The Pine Falls, Manitoba Pulp and Paper Mill is deemed to be 100.1 kilometers radius from the City Hall of Winnipeg.

d) Local residents, as defined in Article 3.07 shall not be entitled to initial or terminal transportation or rotational expenses as set out in Articles 19.01(c) and 19.05

- respectively. Local residents shall receive a Daily Travel Allowance as provided for in Article 19.01(e).
- e) Local residents living beyond a 32 kilometre radius of the project shall receive Employer supplied transportation from mutually agreed pick-up points or be paid a transportation rate as set out in the Wage and Benefit Schedule per kilometre each way from and to the edge of the 32 kilometre radius free zone for each day worked or reported for work.
 - f) Where transportation is provided by the Employer and is delayed by mechanical breakdown or other causes attributable to the condition or operation of the vehicle, the following shall apply. If the employee is delayed in arriving at the jobsite, their hours of work and pay shall nonetheless be considered to start at the normal time. If the employee is delayed in departing from the jobsite, the actual time of such delay shall be added to the Employee's earnings calculated at straight time.
 - g) Air Transportation: Initial, Terminal and Rotational Transportation
Notwithstanding any other provision of this Agreement, when the Employer supplies air transportation to remote Northern projects, the parties will establish a mutual agreement for the transportation terms and conditions for that project.

19.02

When an employee is instructed to report to, or leaves a job location which necessitates transportation they shall be entitled to the transportation expense(s) as set out in Article 19.01.

If location and circumstances require the employee to travel overnight or on the day(s) preceding their first working day, the travel expense shall also include a subsistence allowance in accordance with Article 20.00 of this Agreement for such preceding day(s); except when travel is by train in which case they shall receive berth and meals when necessary.

Transportation costs will normally be based on the employee using their own automobile. They shall receive transportation costs as set out in the Wage and Benefit Schedule per kilometre (road).

When an employee leaves a job on which they have been entitled to subsistence allowance, their return travel expense shall also include a subsistence allowance in accordance with Article 20.00 of this Agreement for the following day.

Payment of subsistence allowance for any preceding or following days as outlined in the foregoing paragraphs shall supersede, and not be in addition to, any subsistence allowance for those days as may be otherwise prescribed in Article 20.00.

The employee's entitlement to the foregoing travel expense shall be subject to the conditions in Articles 19.03 to 19.05 inclusive.

19.03

If their employment is terminated for just cause, or the employee leaves of their own accord before having qualified for travelling expenses to and/or from the job, they shall not be entitled to receive the cost of such travel expenses.

19.04

After qualifying for return transportation, if the employee voluntarily terminates their employment they will not be entitled to qualify for transportation for any subsequent trips to that job unless at least 15 working days have expired between their terminating and their return, except in special cases satisfactory to the Union and the Employer.

19.05

On jobs located over 400 kilometres radius from the City Hall of Winnipeg, all employees receiving subsistence allowance or camp accommodation shall be entitled to short term trips from the jobsite with fare paid by the Employer as follows:

- a) The employee shall qualify for one return trip away from the jobsite for each 30 calendar days they are at the jobsite.
- b) For each such trip taken, the Employer shall provide return transportation at no cost to the employee, or pay their return fare, to the City of Winnipeg. Mode of transportation or determination of fare shall be on the same basis as established under Article 19.02.
- c) If an employee is unable or does not wish to take such trip immediately on qualifying, they may take it later, and any days on the jobsite in excess of 30 may be credited toward the establishment of subsequent 30 day periods and trip qualifications; provided that in any event such trips shall not be taken in intervals of less than 20 days.
- d) Not more than 25% of the employees on the job shall be away on such trips at any one time.
- e) The employee shall not be away from the jobsite for more than 5 working days (not counting Saturday, Sunday, or Holidays) nor more than 9 calendar days, whichever is less, otherwise they shall be considered to have terminated their employment and Article 19.01 shall apply as it relates to terminal transportation expenses.
- f) If such employee(s) elect not to take this rotation expense they shall not be entitled to the equivalent of transportation expense. (The foregoing may be altered by mutual agreement between the Employer and the Business Manager/Secretary Treasurer.)

Any additional trips shall be at the employee's own expense and shall not result in absenteeism disruptive to the project.

Provisions in this Article 19.05 are separate from those in Article 19.01 to 19.04 covering the initial and final transportation.

19.06

An employee shall have the right to refuse a transfer from one job to another, if they have worked until the completion of the job to which they were originally assigned.

Any further issues regarding Boilermaker's not submitting proper documentation upon hire on will not be pursued.

The Employer will have a system in place to ensure that any documents submitted by the employee will be accounted for and returned to the employee. If such documents are lost the Employer shall replace at no cost to the employee.

Any missing pay as a result of error on the Employer's part will be paid as if the error had not occurred.

20.02
