**SASKATCHEWAN (IBB LOCAL 555)  
LLOYDMINSTER SUBSISTENCE RATE**

The Construction Labour Relations Association of Saskatchewan (CLR-SK) and the Saskatchewan Provincial Building & Construction Trades Counsel (SPB&CTC) have recently concluded a Subsistence Rate Review for the Lloydminster area pursuant to the provisions of their respective trade collective agreements. As a result of the Subsistence Rate Review process, the CLR-SK and SPB&CTC came to a consensus on a new subsistence rate of \$170 for the Lloydminster area effective November 19, 2023.

Under the Boilermaker Contractors' Association and Boilermakers Local 555 Maintenance Agreement (Article 19.03) and the Saskatchewan ICI Agreement (Article 20.07), the subsistence amounts are subject to review by the Boilermaker/BCA Liaison Committee as follows:

*"The subsistence amounts will be reviewed by the Boilermaker/BCA Liaison Committee should there be general increases or reductions in the CLR reference agreements."*

The Boilermaker/BCA Liaison Committee has agreed to adopt the new **subsistence rate for the Lloydminster area of \$170 effective November 19, 2023.**

Please do not hesitate to contact the BCA office should you have any questions.
