**SASKATCHEWAN (LOCAL 555)
SUBSISTENCE RATES CHANGES**

Based on Article 20.07 of the BCA/IBB ICI Agreement and Article 19.03 of the BCA/IBB Local 555 Maintenance Agreement as shown below:

Article 20.07 (ICI)

“Subsistence to be consistent with all trades in the Province of Saskatchewan. The subsistence amounts will be reviewed by the Boilermaker/BCA Liaison Committee should there be general increases or reductions in the CLR agreements reference agreements.”

Article 19.03 (Maintenance)

“..The subsistence amounts will be reviewed by the Boilermaker/BCA Liaison Committee should there be general increases or reductions in the CLR reference agreements.”

The majority of the trades that the BCA monitors in Saskatchewan follow an annual subsistence review process and subsistence based on the quadrant system.

As a result of discussion by the BCA and IBB Local 555, as well as the BCA Board of Directors, and for consistency with the other key Saskatchewan trades, the parties have agreed to the following changes and increases to the Subsistence Rates under the ICI and Maintenance Agreements, **effective March 10, 2024.**

North West Quadrant		North East Quadrant	
52° N to 56° N 110° W to 106° W	\$170/day worked	52° N to 56° N 106° W to Manitoba Border	\$170/day worked
South West Quadrant		South East Quadrant	
Border to 52 N 110° W to 106° W	\$160/day worked	Border to 52° N 106° W to Manitoba Border	\$160/day worked

Of note, the CLR-SK is currently in the process of completing their annual subsistence review for 2024.
